Neema Velasco

Sherman, TX | (929) 344-9389 | neemavelasco@gmail.com | Portfolio
linkedin.com/in/neemavelasco | github.com/nvsco-10

Enthusiastic full stack web developer with a broad background in business, design, and marketing. Hands-on project experience building both the front-end and back-end of web apps using ReactJS, Express.js, and other frameworks.

PROJECTS

Property Rentals Tracker | Developer   Link to app

A full stack application where users *(a team of listing agents)* can keep track of unoccupied rental properties and the assigned tasks and listing agent, associated with each property.

- Developed with the MERN stack, styled-components, Material UI table components, jsonwebtoken, and axios
- Designed website mockup using Canva
- Used React useContext and useReducer Hooks for state management

Crypto Degen | Developer   Link to app   *in progress …*

View top cryptocurrency market data (prices, market cap, trading volume) and the hottest discussions from Reddit's most visited cryptocurrency subs.

- Developed with the MERN stack, Chakra UI React components, axios, CoinGecko API, & Reddit API.
- Used React useContext and useReducer Hooks for state management
